Evaluation of Progress -- Tier One Recommendations

Evaluation of the Tier One recommendations involved interaction with and data gathering by involved individuals and units. A total of 87 Tier One recommendations were evaluated. The following percentages are based upon the total of 87 recommendations:

Achieved (54.0%): significant implementation of the recommendation has taken place (in some cases as an ongoing process).

In Progress (21.8%): while not yet implemented, planning is in an advanced stage and a deadline for conclusion or implementation of the process is discernible.

Not Achieved (12.6%): in this category are included all recommendations that have not been acted upon. This includes recommendations that have received planning attention but no action and those that have not.

No longer relevant and/or appropriate or postponed (11.5%) : in a few cases some recommendations have become irrelevant.
