VENTUre capital conference seeks to spUR investment in san Joquin county
California Lt. Gov. John Garamendi, U.S. Assistant Secretary of Commerce Sandy K. Baruch and noted venture capitalist Franklin “Pitch” Johnson addressed the San Joquin Venture Funding and Entrepreneurship Conference at Pacific in June. Over 200 people participated in the day’s events, which included the conference and a three-hour workshop for entrepreneurs. “The event was part of an effort to focus angel capital and venture capital funds on San Joquin County to stimulate entrepreneurship, higher employment and economic development in the region,” said Mark Plenck, Pacific’s director of Economic Development.

“Our goal in hosting this forum is to showcase the very best growth companies in the Valley, and to demonstrate they are great candidates for private-equity investment,” said Brad Teichel, a partner in the Central Valley Fund. “A number of leading angel investor groups, venture capital funds, and commercial banking institutions will use this event as an important measuring stick for what is occurring in the San Joquin area.”

In addition to presentations by business and government leaders, the conference featured panels representing many of Northern California’s angel investor groups and venture capital funds. These panels described the angel/venture investing processes and judged presentations by several local businesses seeking funding for their start-up and/or growth. Pacific alumus Matt DeBord ’97 was chosen “Best of Show” for the quality of his business plan presentation and the investment potential of his food products business Origami Foods.

The conference was a joint effort of the San Joquin Partnership and Business Council, San Joquin County Economic Development Association, Central Valley Fund and Golden Capital Network. Some 30 businesses, organizations and government entities from throughout the region sponsored the conference.

PACIFIC MESA STUDENTS LOBBY FOR FUNDING IN SACRAMENTO

Two hundred high school students from across the state, including eight local high school students who were panel on “University of the Pacific’s Mathematics, Engineering, and Science Achievement (MESA) Center, lobbied state legislators in Sacramento in June as part of a joint effort to save academic programs that were cut in this year’s proposed state budget. The efforts were part of a two-day Student Leadership Forum in Sacramento that included a mock legislative hearing, workshops and a tour of the State Capitol.

“The lobbying efforts provided the students an opportunity to witness the political process first-hand as well as advocate for their programs,” said Dave Manchester, Director of Pacific’s MESA Center. “We want the legislators to become aware of the impact of funding cuts from academic support programs like MESA.” The students’ efforts were to convince state legislators of the importance of MESA, the Early Academic Outreach Program (EAOP) and The Puente Project, which help thousands of students throughout the state prepare for college. While there, the students had the opportunity to meet with Assemblymember Tom Berryhill and representatives for Assemblymembers Galgiani and Aghabarian.

Earlier this year, Gov. Schwarzenegger cut funding for the programs in his proposed budget. This was the fourth year in a row that funding was cut, with only a portion of the funding being reinstated each of the past three years. The cuts have resulted in a drop in MESA enrollment in California from 26,000 to 19,000 and from 1,200 to 750 in San Joaquin County. As of this writing, the funding for Academic Support Programs (EAOP, EAOP, and Puente) has been reinstated to the budget by both the Assembly and the Senate and awaits final approval by the governor.

PACIFIC RECEIVES FULBRIGHT AWARD FOR ARABIC LANGUAGE CLASSES

Pacific has received a Fulbright Foreign Language Award to provide instruction in Arabic in the 2007-08 academic year. The award was given to International Programs and Services. Professor Mounir Benouissa of Quattini, Morocco joins the staff in August and will teach First and Second Year Arabic through the Department of Modern Languages and Literature.

There has been a growing demand for Arabic language classes at Pacific over the past few years, mostly driven by a growing interest in Middle Eastern relations in the United States. Professor Benouissa will also be available to speak to classes of other students interested in Arab or Moroccan culture. Contact Interna- tionals Programs and Services at 209.946.2244 for more information.

GUNDERSEN TO TAKE ON NEW POSITION AS ASSISTANT PROVOST FOR FACULTY DEVELOPMENT AND DIRECTOR OF CTE

Pharmacy Professor Bert Gundersen was appointed assistant provost for Curricu- lum, Academic Affairs and Special Programs effective September 1. Gundersen has worked in the Thomas J. Long School of Pharmacy and Health Sciences since 1986 and is currently director of the Pre-Health Programs. She earned her Doctor of Pharmacist from Pacific in 1984. After graduating, she worked at the Children’s Hospital National Medical Center in Washington, D.C. and completed a fellowship at Hartford Hospital in Connecticut.

“Dr. Gundersen is well-equipped for University-wide responsibilities,” Gilbertson said. “Her wealth of experience makes her a great fit to oversee external learning and curriculum planning with the Academic Affairs Committee. Faculty sponsoring new innovation initiatives will welcome her assistance.”

APPOINTMENT MADE FOR ASSISTANT PROVOST FOR FACULTY DEVELOPMENT AND DIRECTOR OF CTE

Provost Phil Gilbertson named Dr. Jace Hargis as assistant provost for Faculty Development and director of the Center for Teaching Excellence. Hargis started his new post this month. "We are fortunate to hire Dr. Hargis, who brings far more than expected for the position of CTE director, so we elevated the position to incorporate faculty development initiatives,” said our new Pacific Religion Plan,” Gilbertson said. “He brings experience coordinating new faculty orientation, technology coaching and international teaching."
Volunteers from the Arthur A. Dugoni School of Dentistry provided free oral health screenings for nearly 150 Special Olympics athletes during the Special Olympics Special Smiles program in June. More than 50 Pacific students, faculty and staff were on hand to conduct dental screenings, provide oral health education and make custom mouthguards for the athletes.

Dr. Steven Pelonik, Pacific’s assistant director of Special Smiles in ’93 to provide oral health screenings and dental hygiene education to Special Olympics athletes. Potential oral health issues can be identified early and the athletes are referred to a dentist for follow-up care.

Data gathered from the program is used to demonstrate a need for increased access to care for patients with special needs. “Access to dental care should not be an Olympic obstacle,” said Dr. Allen Wong, assistant professor and assistant director of Pacific’s Advanced Education in General Dentistry program.

“Pacific’s participation in Special Olympics Special Smiles shows we are serious about providing care for patients with special needs and educating the health care providers of the future.”
