WALTER CRONKITE
TO SPEAK AT PACIFIC

Walter Cronkite, whose 19 years as a CBS news anchor defined the public’s opinions of the issues of the day, will speak at Pacific November 6 at 3:00 pm in Faye Spanos Concert Hall. During his 60-minute presentation, Cronkite will be interviewed by President DeRosa and will take questions from the audience. The event is free and open to the public; however tickets are required due to limited seating. Tickets are sold out.

Cronkite was a reporter for CBS television beginning in 1950 and was CBS Evening News anchor from 1962 to 1981. His career spanned many major events, including the JFK assassination, the Apollo moon landing, the Watergate scandal, and the Vietnam War. As anchor he became so influential that analysts regularly dissected his evening broadcasts to get a sense of American opinion and views. In a 1972 public opinion survey, he was voted “Most Trusted Man in America.”

His legacy is so strong that his name has become synonymous with news anchors worldwide. In both Sweden and Holland, news anchors are called “Cronkites.” Cronkite has remained active since retiring from CBS in 1981. The Pacific Community is encouraged to take advantage of this opportunity to hear from one of the most influential and respected individuals of the twentieth century.

PACIFIC MCGEORGE WINS $1.1 MILLION USAID GRANT

The University of the Pacific, McGeorge School of Law has been awarded a $1.1 million grant from the U.S. Agency for International Development (USAID), as part of USAID’s Rule of Law in China Initiative, to lead a four-school consortium to bolster practical legal skills training in Chinese law schools.

Pacific McGeorge will partner with American University’s Washington College of Law (Washington, D.C.), in collaboration with the China University of Political Science and Law (Beijing), the Zhejiang Gongshang University College of Law (Hangzhou) and the South China University of Technology (Guangzhou).

The 28-month project, which will commence immediately, is designed to train Chinese law school professors early in their careers in the teaching of professional skills. Training will take place in Sacramento, Washington, D.C. and in China, and will include summer workshops, joint U.S.-China research projects, scholarly conferences, faculty exchanges, and evaluation by a joint advisory committee and an outside consultant. Additionally, six Chinese educators will enroll in masters of law programs in Government and Public Policy. Four will study at Pacific McGeorge, and two at Washington College of Law.

“Chinese law schools have shown increasing interest in teaching practical skills, and they are eager for help from schools such as Pacific McGeorge and American University that have vast experience in such teaching. I am also pleased that this grant facilitates our law school’s substantive return to China,” said Dean Elizabeth Rindskopf Parker. Pacific McGeorge had a program in China in the mid-1980’s, which produced among its alumni Zhu Suli, now dean of the Beijing School of Law and a leading Chinese legal scholar.

Pacific McGeorge’s Professor Brian Landsberg, who will direct the program, observed, “We believe that effective clinical and advocacy programs in Chinese law schools promise to strengthen the rule of law in China. This grant will create a model that will help law schools throughout China create strong clinical and advocacy programs, and we will have the opportunity to learn from aspects of the Chinese legal system.”

OSHER LIFELONG LEARNING INSTITUTE TO BE ESTABLISHED AT PACIFIC

The Bernard Osher Foundation has awarded $100,000 to University of the Pacific to establish an Osher Lifelong Learning Institute on the Stockton campus. The grant will enable the Center for Professional and Continuing Education to enhance and expand the current “Pacific Experience” (PEX) program to provide ongoing educational opportunities throughout the academic year for adults age 50 and older, creating an active learning community for mature adults in the San Joaquin County region.

Of the 93 institutions nationwide with Osher Lifelong Learning Institutes, Pacific is the only institution between Sacramento and Fresno to be selected for the grant. “We’re very excited to have the opportunity to join the Osher Lifelong Learning Institute network,” said Barbara Shaw, assistant provost for Professional and Continuing Education.

The Bernard Osher Foundation, founded by Bernard Osher in 1977, has benefited a wide range of educational, cultural, and other nonprofit organizations primarily in the San Francisco Bay Area and Osher’s native Maine. The Osher Foundation now encourages the development of vibrant learning communities in the rapidly growing population of older adults nationwide through funding of the Osher Lifelong Learning Institutes.
