**NOTEWORTHY**

**Mylon Kirksy**, Student Life, won the 2007 NASPA Region VI Mid-Level Professional Award. This award is given to a professional who has a minimum of five years experience in the student affairs field who demonstrates an outstanding commitment to the profession and who has contributed to programs that address the needs of students. Recipients are also experienced in creating campus environments that promote student learning and personal development.

**Bruce La Brack**, School of International Studies, delivered four days of intercultural workshops for AFS-International in Istanbul, Turkey. There were seventy AFS volunteers and program staff from thirty-two European, South and Southeast Asian, Latin American and South Pacific countries participating in the workshops.

**Mark VanNess**, Sport Sciences, and **Harnoor Singh ’08** presented two papers at the American College of Sports Medicine Annual Meeting. The papers were “Metabolic and Neurocognitive response to an exercise challenge in Chronic Fatigue Syndrome” and “Post-exertional symptomology in Chronic Fatigue Syndrome”.

**Christopher Snell**, Sport Sciences, was a coauthor on both papers.

**Amy Elizabeth Smith**, English, taught one semester at the Universidad Andrés Bello in Santiago, Chile during a year in Latin America and conducted Jane Austen reading groups in six countries. She also spoke at Universidad de Santiago de Chile on “¿Quién paga la fiesta?: Una adaptación cinematográfica radical de Mansfield Park de Jane Austen,” conducted conversation seminars for the US State Department in Chile, and gave lectures on Jane Austen in Asunción and San Lorenzo, Paraguay.

**Holly White**, Psychology, with graduate students **Sophia Spearman ’08**, **Staci Sylors ’08**, **Stephany Moore ’09**, and undergraduate students **David Wells ’08** and **Vi Tran ’09** conducted a summer kindergarten Bridge Program for the Stockton Unified School District.

**Mark Urista**, graduate student in Communication, will speak on “Digital Communities and How They Reshape the Workplace” at The Human Resources Summit in Menlo Park, Calif.

**Jim Hetrick**, Physics, will have a sound clip of very low frequency radio waves from the magnetosphere recorded at the South Pole several years ago, along with a narration, aired on the National Public Radio (NPR) show “All Things Considered.”

**Darcy Umphred**, Emerita, **Rolando Lazaro** and **Peggy Roller**, all of Thomas J. Long School of Pharmacy and Health Sciences, received the California Physical Therapy Association 2007 Non-Research Publication Award for “Neurological Rehabilitation,” 5th edition.

**Carolynn Kohn**, Psychology, was awarded the Stephen E. Corson Award for the Distinguished Teaching of Freshmen. This award was established in 2004 by the Reverend John E. Corson, former Regent of the University, and Sylvia Bradbury Corson in memory of their son, Stephen Edmund Corson, whose untimely death occurred when he was 38. The award carries a cash prize and celebrates the importance of gifted teaching as an essential determinant of the success and retention of freshman students.

**Carol Ann Hackley**, Communication, was awarded the Spanos Award for Distinguished Teaching. The Spanos Award is based on a career of teaching and celebrates excellent teaching that goes beyond the classroom, including advising, directing research, supervising laboratories and mentoring, and the teaching of graduate students and mentoring younger faculty members.

**Dr. Gro Brundtland** will present the fall 2007 Gerber lecture “Confronting Global Challenges: Global Warming – Global Health” on October 18 at 6:30 pm in Faye Spanos Concert Hall. Brundtland became the first female prime minister of Norway at age 41. She authored the path-breaking “Brundtland Report” on the global environment in the 1970s, was director-general of the World Health Organization and is currently serving as a UN special envoy for Climate Change.

Brundtland travels and lectures extensively as a leading voice for a healthier and better educated world and is a champion of sustainable development, which she defines as “meeting the demands of the present generations while preserving the rights of future generations to meet their own needs.” The Gerber lecture is free and open to the public. For more information call 209.946.2650.

**NOTABLE CHANGES:**

**Welcome to Pacific**

**Jeff Hall** is the new assistant coach for men’s volleyball.

**Lorena Quijenderino** is a new administrative support specialist in Business and Finance.

**Jamie O’Regan** is the new assistant director for operations in Student Life.

**Kathy Diaz** is a new mail clerk for Pacific Mail Services.

**Corrie Martin** is the new assistant director for club and regional programs for the Pacific Alumni Association.

**Heather Dunn Carlton** is the new director of Judicial Affairs and Outreach Services in Student Life.
PACIFIC RECEIVES

$6.8 MILLION GRANT TO LEAD DIVERSITY IN DENTISTRY INITIATIVE

The California Endowment has awarded a $6.8 million grant to the state’s five dental schools in an effort to boost diversity in dental education and deliver dental services to underserved communities throughout the state. Over the next three years, Pacific will administer the grant for the Dental Pipeline program, a partnership with California’s five dental schools, which aims to diversify the state’s dental workforce and integrate coursework and clinical experience that improves dentists’ ability to competently serve multicultural communities.

Dentistry remains among the least diverse of the health professions. In California, only 4 percent of dentists are Latino and 2 percent are African American. In the four years since the California Dental Pipeline Program began, the percentage of first-year underrepresented minorities enrolled in California’s dental schools has increased from 5 to 11 percent.

“This funding represents a tremendous opportunity for dental schools to partner with community clinics and others to improve the oral health of underserved Californians,” said Dr. Paul Glassman, co-director and administrator for the Pipeline Program and Pacific’s associate dean. “The collaboration of all five California dental schools, the California Dental Association and the California Primary Care Association in this program is unique in the country. We look forward to using these relationships to demonstrate new models of care and to create and maintain oral health for all Californians.”

In addition, the dental schools will form partnerships with federally qualified health centers throughout the state. Through the program, dental school senior students and residents gain experience serving racially and ethnically diverse communities by providing dental care services in community clinics to low-income Californians who otherwise would not have access. An estimated 89,000 low-income Californians will receive dental care through the Pipeline Program each year.

FESTIVAL CELEBRATES

JAPANESE MUSIC AND CULTURE

Pacific’s Conservatory of Music is proud to host the Festival of Japanese Music and Culture from October 20 to 26. Festival events include concerts of traditional and new Japanese music, an exhibition of Japanese art, a Manga Competition, a traditional tea ceremony, a classic Japanese film, a literary event and lectures.

The Festival will feature several Japanese artists; composers Joji Yuasa and Kiyoshi Furukawa; shakuhachi master Yoshi Kurahashi with Yoko Itatani Hirano, koto and Ayako Kurahashi, sangen; Japanese-American author Julie Otsuka; and Master of Tea Ceremony Aiko Mikami. The work of more than fifteen Japanese visual artists will be on display at the Reynolds Gallery.

On Wednesday, October 24 from 5 to 7 pm, Pacific faculty, staff and students are invited to attend a Japanese Banquet in Grace Covell Dining Hall. The cost is $10 for students and $15 for faculty and staff. Register for the dinner on the Bon Appétit web site at www.cafebonappetit.com/pacific. Charges will be billed to your PacificCard. If you wish to pay other than through PacificCard, register with Sally DeLorenzo in the Library at 209.946.2434 or sdelorenzo@pacific.edu.

A complete schedule of events for the Festival is available at web.pacific.edu/x15745.xml

A SENSATIONAL ORANGE AND BLACK BALL

The Orange and Black Ball, held each year in August, is one of the highlights of the fall semester. A fundraiser for Pacific Athletics, this year’s event raised over $100,000 with more than 600 in attendance — both record numbers for the event. Over its eight-year history, the Orange and Black Ball has raised more than half a million dollars for Pacific Athletics. Awards are given for the top fundraisers, and the grand prize raffle was a five-day Carnival Caribbean Cruise including roundtrip airline tickets, owner’s suite accommodations and $1,000 spending money! Angela Rosenquist ’00 was this year’s grand prize winner (Angela always purchases a raffle ticket with the same number as her Pacific Volley Ball jersey. Looks like it finally paid off!)

But there is no doubt that this year’s attendees will all agree that the highlight of the evening was the performance by Tina Turner... no, wait... it appears that the “Queen of Soul” was in reality the “King of Athletics,” none other than our own Lynn King!

PACIFIC FAMILY FUN DAY

The Orange and Black Ball, held each year in August, is one of the highlights of the fall semester. A fundraiser for Pacific Athletics, this year’s event raised over $100,000 with more than 600 in attendance — both record numbers for the event. AUTOS:

SERVICES:
Au Pair: 20 year-old French student with a lot of experience working with children is seeking immediate placement with an American family. Contact florence.esnault@hotmail.fr.

STUDENT PHARMACISTS OFFER FREE HEALTH SCREENINGS AND PRESCRIPTION INFORMATION
Pacific’s student pharmacists are reaching out to the Stockton community. The Thomas J. Long School of Pharmacy and Health Sciences is celebrating American Pharmacists Month in October by providing everyone at Pacific and in the Stockton community with free health screenings and information on blood pressure, diabetes and smoking effects, as well as information on federal prescription plans. “As Pacific student pharmacists, we want to highlight the importance of pharmacists to the healthcare system,” said Shelby Mackie, vice president of professional affairs for Pacific’s chapter of the Academy of Student Pharmacists.
Following is a list of events:
“Women’s Health Day” — 2 to 5 pm on Wednesday, October 17 at Green Brother’s Pharmacy, located at 1617 N. California St., Suite 151. The event will include free blood pressure and diabetes screenings, and Pacific’s Student Pharmacists will provide information on women’s health.
“Family Health Day” — 2 to 6 pm on Friday, October 26 at Weberstown Mall. Any member of the family can receive health information, be screened for blood pressure and diabetes and learn about smoking effects and kicking the habit.
“Meet the Pharmacist Day” — 9 am to noon on Saturday, November 3 at Pacific’s Health Sciences Learning Center on the Stockton campus.
Individuals are encouraged to bring in prescription and nonprescription medications to receive a private consultation with a pharmacist. This will help to ensure that medications are being used and stored correctly.
Pacific will also collaborate with American Association for Retired People to provide various health screenings, as well as information about Medicare Part D.
For more information, call 209.946.2529 or visit www.pacific.edu/pharmacy.
