Secure Your Professional Survival with Workforce Training!

Evening, Weekend and Online Courses Available!
Like the cutting-edge degree completion and certificate programs we offer, the University of the Pacific’s Center for Professional & Continuing Education (CPCE) — located at **1776 West March Lane, Suite 290** — is revolutionary. We provide business, civic and governmental organizations an easily accessible, user-friendly, completely wireless, high-tech meeting environment.

**The Place Where Business and Academia Meet**

Whether your business is for-profit or not, volunteer or professional, CPCE is the place in Stockton where organizations and associations gather to discuss their work, learn best practices, and strategize for the future. CPCE moved to our new location in January 2010 and our state-of-the-art facility is now available for your use.

**The Facility**

CPCE has three training rooms of varying sizes. Each is equipped with user-friendly technology. Interactive Smart Boards and Smart Televisions provide electronic ink, capture, and white boarding capabilities. Our computer lab accommodates up to 20 work stations. Software can be added to each computer to assist in your presentation or training session.

**Amenities**

- Clean, bright training rooms
- Moveable tables and chairs
- High-tech computer equipment
- Smart Board and Televisions
- Convenient, free parking
- Affordable pricing
- Friendly, knowledgeable staff

**Price List** (rentals are based on full day services)

- Training room 290A (seating 18) $145
- Training room 290B (seating 34) $175
- Training room 290A/B (seating 52) $400
- Computer Training room 290C (seating 20) $500

If you would like further information regarding our training rooms or wish to reserve one for future use, please contact:

Dave Hamlett, Associate Director of Operations Center for Professional & Continuing Education (209) 946-2424, dhamlett@pacific.edu

**Call now to reserve your place on the cutting edge!**
Project Management Training & PMP® (Project Management Professional) Exam Preparation Course 35 PDUs / 3.5 CEUs

Earn 35 PDUs!! Whether you are planning to update your project management knowledge and skills or seeking to earn your PMP® certification, this course is intended to help you become a better manager while energizing your career development. - Mon., Oct. 18 & 25, Nov. 1, 8, 15, 22, 29, Dec. 6, 7:00PM-9:00PM

Steve Sonntag $397

How to Effectively Communicate as a Leader .4 CEUs

What is the one common problem among all organizations? Ineffective communication. If you have ever been plagued with either poor performance or misunderstanding with an employee, customer or supplier, this class is for you! Learn how to speak (and act) with one voice and communicate to peers, upper management and subordinates. This class is ideal for all supervisors and managers!

Dates/Time:
- Fri., Nov. 12, 8:30AM-12:30PM

Gary Waters $188
Financial Workshop: Your Source for Financial Education

Confused and worried about saving money for retirement? Don’t be! Financial education is an important step in helping you achieve a better future. Learn specific strategies to help you reach your long-term goals by gaining a better understanding of the key principles of saving and investing in a convenient and comfortable atmosphere.

Dates/Time:
Sat., Oct. 23 & 30, 1:00PM-5:00PM
Joel Carignan $89

Access 2007: Starting a Database

This hands-on class will provide you with a basic introduction to Microsoft Access databases, covering simple tables, queries, forms, and reports. Create your own database for a fictitious customer listing and run reports for basic analysis and mailing address labels. The differences between Access and Excel will also be discussed.

Dates/Time:
Tues., Nov. 30, 1:00PM-5:00PM
David Diskin $95

Excel 2007: Formulas Level I

Learn precisely how mathematical expressions and functions work in Excel, starting from the basics (simple arithmetic, SUM, and AVERAGE) to the more complex (IF, financial formulas, etc). Absolute references are also discussed.

Dates/Time:
1. Sat., Sept. 11, 1:00PM-5:00PM
2. Tues., Sept. 28, 1:00PM-5:00PM
David Diskin $95

Excel 2007: Formulas Level II

This hands-on class builds on the prior "Level I" class with more practice using absolute references, named ranges, and a variety of functions. Experience writing basic formulas is required.

Dates/Time:
Tues., Oct. 12, 1:00PM-5:00PM
David Diskin $95

Excel 2007: Tip, Tricks, and Formatting

Intended for users who are looking to get more out of Excel, you'll learn a wide variety of shortcuts and features, including keyboard time-savers, series fills, format styles, function tricks, and more. This class assumes prior knowledge of basic Excel skills.

Dates/Time:
1. Sat., Sept. 11, 8:30AM-11:30AM
2. Tues., Oct. 5, 1:00PM-5:00PM
David Diskin $95

Office 2007 for Beginners

Intended for beginners transitioning from Office 2003 to Office 2007, you'll learn about the new interface, features and more in this hands-on class. Time will be spent explaining the Office Ribbon, Office menu, short cut keys, and document compatibility issues. Then, features new to Microsoft Office 2007 will be used throughout Word, Excel, and PowerPoint including photo styles, themes, and more.

Dates/Time:
1. Wed., Sept. 1, 8:30AM-11:30AM
2. Sat., Sept. 4, 8:30AM-11:30AM
David Diskin $95

Office 2007 for Intermediate Users

For intermediate and advanced users transitioning from Office 2003 to Office 2007, you'll quickly review the new interface, and then focus on features new to Microsoft Office 2007 in this hands-on class. In Word, walk through the improved mail merge feature and learn about styles and themes. In Excel, discover the powerful tables feature and revised pivot table and charting tools. And in PowerPoint, discover new layouts and photo editing features.

Dates/Time:
Wed., Sept. 1, 1:00PM-5:00PM
David Diskin $95

Some courses are offered on multiple dates. Please indicate which one when registering.
Office 2010: New Features

In this demonstration-only session, you’ll discover new features unique to Office 2010 including ribbon customization, the new Backstage view, photo editing and improvement options, and more. Applications covered include Outlook, Word, Excel, and PowerPoint. This class is perfect for those who have recently upgraded, or plan to. It is not hands-on.

Dates/Time:
Tues., Nov. 16, 1:00PM-5:00PM

David Diskin
$95

Word 2007 for Beginners

Learn word processing from the ground up in a class that focuses on results and not just typing. Using Microsoft Word 2007 you’ll discover how to control text and paragraph formatting, set page margins and columns, insert clip art and images, and other necessary features. You’ll download and customize templates such as a resume, use spell check and other research tools and review copy-and-pasting. Attendees must be familiar with the keyboard and mouse.

Dates/Time:
Tues., Sept. 7, 1:00PM-5:00PM

David Diskin
$95

Word: Intermediate Document Formatting

Learn to create and use styles for better, cleaner document control. Additional concepts will be reviewed including page headers and footers, page formatting, and more. Anyone who has difficulty managing large documents or maintaining consistency should take this class.

Dates/Time:
1. Thurs., Sept. 9, 1:00PM-5:00PM
2. Tues., Oct. 26, 1:00PM-5:00PM

David Diskin
$95

Workshop: Facebook and Twitter for Businesses

Help bring your business or organization into social media with this hands-on workshop. Build and promote a Facebook page with a photo album, events, fans, and more, then learn how to promote it.

Dates/Time:
1. Thurs., Sept. 16, 1:00PM-5:00PM
2. Tues., Oct. 19, 1:00PM-5:00PM

David Diskin
$95

PowerPoint 2007 for Beginners

Learn how to create a simple, effective slide show presentation using Microsoft PowerPoint! You’ll cover all of the basics including adding clip art and shapes to your slides, editing text, using the efficient outline mode to brainstorm your ideas and using a professionally-created theme to add the final touch. Presentation and organization concepts are also reviewed.

Dates/Time:
1. Tues., Sept. 7, 8:30AM-11:30AM
2. Tues., Nov. 2, 1:00PM-5:00PM

David Diskin
$95

PowerPoint 2007 for Intermediate Users

Go beyond the basics to wow your audience while delivering a powerful message with Microsoft PowerPoint 2007. Topics covered include photo editing, inserting charts and tables, animation, creating looping presentations, editing the master slide, and more. You’ll also discuss what makes slides powerful to an audience, including a before-and-after comparison of what not to do.

Dates/Time:
Thurs., Sept. 16, 8:30AM-11:30AM

David Diskin
$95
Introduction to Critical Thinking
1 Academic Unit
Come put your critical thinking skills to work! This fun and interactive course gives you background for understanding the role of applied reasoning and logic in problem solving. You’ll be able to assess your own critical thinking aptitude while learning how to define critical thinking and identify what’s been stopping you.

Developing Critical Thinking Skills
1 Academic Unit
What are the key critical thinking skills? How can you develop and master them? This interactive course will help you to effectively recognize issues, identify conclusions, weigh evidence, and evaluate arguments. You’ll hone your new-found skills through a series of fun exercises. Come and develop those critical thinking muscles!
Prerequisite: Intro to Critical Thinking

Applying Critical Thinking in Practice
1 Academic Unit
How can critical thinking be applied to your life? You’ll review the basics of problem solving, look at how critical thinkers apply their skills in different disciplines and explore the role of analysis and evaluation and the connection to clear thinking and writing. Come learn how critical thinking can put you on the fast track to success!
Prerequisite: Intro to Critical Thinking

Introduction to Personal Creativity
1 Academic Unit
You’ll be surprised at how creative you can be! You’ll review the major academic thinking on creativity, as well as learn how to unlock the creativity within yourself through a series of fun activities and techniques. See how high creativity can take you!

Creativity in Teams and Organizations
1 Academic Unit
When you work in groups, do you have a hard time coming up with new ideas? Drawing on the latest academic thinking, you’ll learn the key factors for developing creative teams that generate fresh ideas. Discover what creativity can do for you and your teams!
Prerequisite: Intro to Personal Creativity

Innovation in Organizations
1 Academic Unit
Apple, Google and 3M are companies that often lead the way in corporate innovation. How do they do it? You’ll review the latest academic advancements on innovation, including Clay Christensen’s seminal thinking on disruptive technology and the proper response. Come learn the tools needed for innovation and see how far you can go!
Prerequisite: Intro to Personal Creativity

System Requirements:

Operating System: Windows 98 or newer, Mac OS 9.2 or higher, Linux/Unix (any recent version).

Hardware: 400 Mhz or faster CPU, 128 MB RAM, video card, sound card and headphones or speakers (some assignments have audio components)

For more information on whether your computer is capable of running these courses visit www.pacific.edu/cpce

Don’t feel like sitting in a classroom? Would you rather take class at midnight than 8am? With online classes you can take a class anytime, anywhere! Registration must include a current email. Fee per unit: $140

ONLINE COURSES
Leading Teams
1 Academic Unit
Teams are everywhere. How well they work depends on you. Discover the key issues surrounding leadership in a team, and how leaders account for the special and unique circumstances surrounding different types of teams. When responsibility, accountability, communication and leadership are shared amongst members of the group everyone needs to know how to lead. Come discover how you can make teams work for you!

Leading Change
1 Academic Unit
Is there a change that you would like to see occur in an organization around you? Are you tired of waiting for changes that never happen? Learn the key issues people face in a dynamic environment when trying to enact change. By understanding the steps needed to affect change and learning how to overcome resistance, see how you can successfully lead change. Learn to be the change you want to see!

Day at the Museum: Honing Your Non-Profit Skills (Part I)
2 Academic Units
Interested in doing good work in the non-profit sector? Through readings, video, and exercises you’ll explore leadership, strategic planning, fundraising, volunteer development, budgeting, and marketing. Take this class to learn the key management issues and latest thinking needed to become an effective, productive, and strategic non-profit leader.

Day at the Museum: Non-Profit Simulation (Part II)
1 Academic Unit
Put your new non-profit skills to work at the Courtney Museum! After Day at the Museum Part I, this eSimulation is designed to challenge you while exploring real-world issues encountered by non-profit managers. Assume the role of executive director of the troubled Courtney Museum and handle a series of personnel, marketing, financial and community relations issues. As you make decisions an adaptive scoreboard reflects the impact of your actions and video commentary will explore the consequences of choosing different paths for reviving the Museum. Prerequisite: Day at the Museum Part I
