International Engineering Coop Program

Short Essay

Japan Program

Please answer the following questions (the answers must be typed in double space and should not be any more than 5 pages total).

1. What are some of the career goals you hope to achieve by participating in the International Engineering Coop Program?
2. What specific skills do you hope to learn in Japan that you would not learn in your home country or other foreign countries?
3. Besides professional skills, what do you hope to gain from this coop?
4. What benefits do you think your host company gains by hosting your coop?
