JOHN LEGEND CONCERT

Six-time Grammy Award winner John Legend will perform at the Bob Hope Theatre on October 2 following the screening of the film “Waiting for Superman” at 7 pm. Legend wrote the soundtrack for the groundbreaking documentary by David Guggenheim, which focuses on why America’s public schools are failing, and explores the roles charter schools and education reformers could play in offering hope.

The movie will be followed by a question-and-answer session and a concert with John Legend. No one will be seated once the movie starts, so the public is advised to arrive early. Tickets can be purchased for $30–$35 at the Bob Hope Theatre or Stocktontickets.com. Pacific students can purchase tickets from the front desk of the DeRosa University Center for $15, one ticket per student with ID card.

Pacific is one of five universities in the country where “Waiting for Superman” will be shown followed by a question-and-answer session, and the only university to also have a performance by John Legend following the movie. The viewing will occur only one week after the documentary is released on September 24. The event is sponsored by ASUOP.

LABOR ACTIVIST

DOLORES HUERTA

Huerta was inducted into the National Women’s Hall of Fame in 1993.

PACIFICANS IN THE COMMUNITY

BUSINESS STUDENTS HELP COMMUNITY AGENCY

This summer, Eberhardt School of Business students Shaheen Ayaz ’10, Josh Cogo ’10, Rachera Swan ’11, Dominic Marquez ’11, and Corbett Gribble ’10 prepared and presented a strategic plan for the Volunteer Income Tax Assistance (VITA) Program as a project for their Entrepreneurship class with Professor Dan Wadhwani. VITA provides free income tax completion and filing services to low and moderate income families. The service is offered by the Community Partnership for Families of San Joaquin, a nonprofit that provides a range of services to low-income communities in the county.

Many low-income households don’t file taxes, even though they are entitled to tax refunds. One study estimated that there is as much as $24-25 million in tax refunds owed to low-income families in our region that never gets paid to them because they don’t file returns. Pacific students talked to community members, did surveys and examined the services VITA offers, and created a business and strategic plan designed to help VITA more effectively deliver their services and encourage more participation from low-income families.

The executive director and the board of the Community Partnership for Families were so impressed with the work the students had done, they even hired Ayaz to help execute the plan.
