STUDENTS CLAIM THE CALAVERAS RIVER BIKE PATH

As part of Pacific’s 5th Annual Campus Day of Service on February 11, students, faculty members and college employees are invited to show community pride by cleaning up the Calaveras River Bike Path. The event will begin at 9:30 am and will run until 12:30 pm.

During the service day, volunteers will pick up garbage and paint over graffiti on bridges and underpasses between Stagg High School and North El Dorado Street. The bike path was chosen because it provides easy access to neighborhoods and schools, and also allows the residents to explore and enjoy the Calaveras River while walking, jogging or bicycling.

Last year, more than 100 volunteers painted over graffiti, picked up trash, cleaned up the riverbank area, and painted pillars under bridges.

To be a volunteer for this project or for more information, please visit Reach Out’s website at Pacific.edu/Reachout or contact the CCI at 209.946.2444 or cci@pacific.edu

PRESIDENT’S TOWN HALL ADDRESSES
STUDENT FINANCIAL AID CONCERNS
President Pamela A. Eibeck addressed students’ concerns over financial aid and the rising cost of tuition during a town hall meeting on Jan. 11. During the meeting, the President explained Pacific’s budget process and gave a breakdown of the University’s revenues and expenses. About 140 undergraduate, graduate and pharmacy students attended the event, which was the first in a series of student forums scheduled for the spring semester.

Students who spoke during the question-and-answer segment expressed concern over being able to pay the rising tuition, the impact of increasing tuition on underrepresented students and struggling families, and the amount of loan debt they faced after graduation. Pacific students graduate with an average debt amount of $23,992. The national average is $25,250.

President Eibeck said the Cabinet was working with the Financial Aid office to develop a plan to boost University aid to students. Pacific recently started financial aid informational workshops to ensure students understand how aid is distributed and what type of aid is available. Future efforts may include increasing work study, doubling the amount of aid for families whose financial situations have changed, and providing “gap grants” to students in need. President Eibeck said she would announce a detailed plan on March 19.

To learn more about upcoming student forums visit Pacific.edu/President.
