What to Keep in mind when electing a Medical Plan

- Where do you typically receive care and are those providers/hospitals part of a plan's network?
- Do you need a plan that allows access to non-network providers?
- What are the co-payments and deductibles?
- How much will biweekly premium costs be every paycheck?
- Do I want access to a Health Savings Account (HSA) as part of my strategy for saving for healthcare in retirement?

Pacific Plans

Pacific's EPO (Exclusive Provider Organization)

Pacific's EPO plan provides benefits when participants seek services from a provider in the Anthem network. It uses the full Anthem BlueCross Prudent Buyer PPO Network. There is no coverage for out of network services. For information regarding the plan details please view the Medical Comparison Chart on page 15.

Pacific High Deductible PPO (QHDHP) with Health Savings Account

Pacific's QHDHP plan provides benefits when participants seek services from a provider in or out of the Anthem network. The level of coverage is higher for in-network providers than for out-of-network providers.

To be eligible for an HSA you must be enrolled in a QHDHP, cannot be enrolled in another non-QHDHP, cannot be claimed as an IRS dependent, cannot be enrolled in HSA and FSA in the same plan year, and cannot be enrolled in Medicare (including part A).

Medical Benefits

HSA allows you to set aside tax-free dollars to pay for qualified health care expenses and earn tax-free interest. Unused dollars roll over into the next year; no use it or lose it rule. All contributions belong to you and you can take them and use them for your benefit if you leave Pacific. After age 65, dollars may be withdrawn for any purpose, paying only normal income taxes and no penalties. Monies can be used to pay for Medicare premiums (if automatically taken out of your social security check, you can reimburse yourself).

This is a great way to save for medical expenses in retirement!

The HSA associated with the Pacific QHDHP is administered by HSABank.

For information regarding the plan details please view the Medical Comparison Chart .

Paying for Services

- The insurance provider will process each claim and send an Explanation of Benefits (EOB).
- The EOB will reflect the provider's discounted rates, which they will write off, and it will show the patients responsibility for that claim.
- Employees may pay their bill (or the bill for any person declared as a dependent on their tax return) by using their:
 - HSA debit card
 - Paying the provider directly and submitting a paper claim for reimbursement
 - Or pay from other personal accounts to allow their HSA balance to grow

****Note:** Patient assumes responsibility for legitimizing reimbursed expenses and should keep copies of their receipts.

Tax Penalty

- Distributions from an HSA, not used exclusively for qualified medical expenses, are includable in your gross income and may be subject to an additional 20% penalty tax.
- Distributions made for expenses that are reimbursed by another health plan are includable in your gross income, whether or not the other health plan is a high-deductible health plan.

Vision

Vision Service Plan

To help keep your life in focus, vision benefits are provided through Vision Service Plan (VSP) for employees and their qualified dependents that are enrolled in any of the medical plans that the University provides. Please note that you must enroll in a medical plan to be enrolled in the University's vision plan. If you decide to waive medical coverage, you will also waive vision. Using VSP Choice Network Providers allows you to maximize your benefit offering. Save money by using in-network providers.

- Patients can pay the provider directly and submit a claim to VSP for reimbursement, using the following procedure:
 1. Visit the Benefits & Claims section of vsp.com to begin your claim.
 2. Complete the claim form. Make sure you have a copy of your itemized receipt or statement that includes:
 - Doctor name or office name
 - Name of Patient
 - Date of Service
 - Each service received and the amount paid
 3. After completing the claim form, you may attach your receipt(s) or print and mail copies of your claim form and receipt(s) to:

VSP

P.O. Box 385018

Birmingham, AL 35238-5018

****Please note that claims for reimbursement must be filed within 12 months of the date of service. Patients will be reimbursed according to the out-of-network reimbursement schedule.**

Dental

Pacific offers two dental plan choices. You have the option to enroll in the Delta Dental PPO plan or the DeltaCare® USA DHMO plan. You do not have to be enrolled in a medical plan in order to select dental benefits. Your covered dependents for dental may be different from the choice you made for medical.

Delta Dental PPO

The Delta Dental PPO plan offers flexibility as well as dentist choice. You may choose any dentist for treatment, but it is to your advantage to choose a Delta Dental PPO dentist when obtaining care to enjoy the lowest out-of-pocket costs.

Please view the Delta Dental PPO brochure for more information.

DeltaCare® USA DHMO

The DeltaCare® USA plan features set copayments so that you always know what your out-of-pocket costs will be. There are no annual deductibles, no maximums for covered benefits and no waiting periods including orthodontic benefits. It is only available to California Residents.

Please view the DeltaCare® USA DHMO brochure for more information.

Find a Dentist

To find a Dentist covered by your Dental Insurance please visit www.deltadentalins.com. Scroll down to “Find a dentist”. You will enter your zip-code and the network you have. After selecting, “Find a dentist,” it will show you a list.

Flexible Spending Accounts (FSA)

A Flexible Spending Account (FSA) is an effective way to save when paying for certain health care, dependent day care and transportation expenses. You decide how much you want to set aside to pay for eligible expenses incurred during the plan year and make separate elections for each account. Trustmark is our vendor that administers all of our Flexible Spending Accounts. The IRS has different maximum contribution limits for each account. These amounts will be posted on our Benefits Website as soon as IRS publishes them. The plan year runs from January 1st through December 31st.

Flexible Spending Accounts (FSA)

Medical FSA: Use It or Lose It

IRS regulations require that, at the end of a plan year, the actual expenses you incur equal the amount you contribute to an FSA or you lose contributions. Pacific allows a rollover of up to \$550; you must forfeit the excess amount. Therefore, it is important that you make your FSA elections carefully. Rollover funds are available in January.

Due to COVID-19, Pacific amended plan documents to include rollover of all dollars for plan year 2020.

There is a run out period for the Health FSA from January 1, 2021 through March 31, 2021 where you can submit claims that were incurred from 1/1/2020 - 12/31/2020 for reimbursement. Trustmark must receive them no later than March 31, 2021.

If you terminate employment at Pacific, your FSA Health Care Debit Card will become inactive on the date of termination, but you have 90 days from the termination date to submit claims to Trustmark as long as the claims were incurred prior to your termination date. The FSA may be continued through COBRA if eligible. Please contact the Benefits Team to determine eligibility.

Dependent Care FSA: Use It or Lose It

Unlike the Medical FSA, none of your contributions towards your Dependent Care Spending Account, will roll over to the next plan year.

Due to COVID-19, Pacific amended plan documents to include rollover of all dollars for plan year 2020.

If you terminate employment at Pacific or cease to be eligible for Dependent Care, you have 90 days from your termination or ineligibility date to submit your claims.

Flexible Spending Accounts (FSA)

Qualified Transportation / Parking

The commuter plan allows eligible employees to set aside pre-tax dollars for eligible transit and parking expenses related to commute to work, governed by IRC Section 132. You can enroll or cancel at any time throughout the year; you do not have to elect during Open Enrollment. The minimum dollar amount of contributions you can elect is \$1 per pay period. Employees have access to their account as long as they are an active benefit eligible employee. If a participant has both a parking and transit account, each account is entirely separate, and funds cannot be transferred from one to the other.

Transit and /or parking benefits are limited to employee expenses only; reimbursement is not allowed for spouse or dependent expenses.

Elections and Spending

- The IRS sets maximum monthly pre-tax deduction amounts and could adjust annually
- Employees can change elections monthly
- Unused amounts can be carried over to the next plan year
- Contributions are available for reimbursement based on payroll deduction cycle
- Contributions are loaded to the WEX prepaid benefits card

Flexible Spending Accounts (FSA)

Flexible Spending Accounts (FSA)

WEX Prepaid Benefit Card

Contributions are loaded to the WEX prepaid benefits card. Use the WEX card for eligible items at merchants that accept MasterCard®. Expenses are deducted from the account balance at point of sale.

How the WEX Card Works with Commuter Benefits

The Card maintains separate accounts of pre-tax money for parking and transit and directs the card transaction to the appropriate account based on the Merchant Category Code (MCC) at the point of sale. The Card cannot be used at alternative outlets such as liquor stores, restaurants, and grocery stores.

Additional validation is performed to ensure that the account is active and there is sufficient funds to cover the transaction. The amount of available funds must cover the entire transit or parking expense or the transaction will be declined. The transaction may split the cost by swiping the Card for the exact available amount and then pay for the remaining amount with an alternate form of payment.

Using the Card for Parking

The Card can be used for expenses such as parking expenses for any type of vehicle you use to go to work at any parking location near your work location or near a location from which you commute using mass transit. Please note: this is not to be confused with an onsite parking pass that is payroll deducted separately.

Parking MCCs are:

- 7523 – Automobile Parking Lots and Garages

Flexible Spending Accounts (FSA)

Using the Card for Transit

The Card can be used for mass transit passes, tokens, or fare cards purchased at a valid transit fare terminal.

Transit MCCs are:

- 4011 – Railroads
- 4111 – Transportation – suburban and local commuter passenger, including ferries
- 4112 – Passenger Railways
- 4131 – Bus lines
- 4789 – Transportation services not elsewhere classified

Medical flexible spending accounts (FSA) and health reimbursement accounts (HRA) are IRS sanctioned benefits, meaning you can use pre-tax dollars to cover eligible expenses. The IRS states that eligible expenses must be primarily to alleviate a physical or mental defect or illness, such as diagnosis, cure, mitigation or treatment of a disease, or for treatments affecting any part or function of the body. You can pay out-of-pocket or be reimbursed for medical expenses such as prescriptions and dental or vision expenses, as well as medical deductibles or co-insurance which are not covered by other healthcare benefits.

To help you better understand what is and isn't eligible for reimbursement (from an FSA or HRA) we've developed the following list. It is not meant to be all-inclusive, and other expenses not specifically mentioned may also qualify.

Life Insurance

Supplemental Life and AD&D

Because your lifestyle is unique, your life insurance needs are as well. Pacific provides an opportunity to purchase additional life insurance for you and your family with our new vendor Symetra. If you are already enrolled in Employee Supplemental Life, a 1 level increase is allowed without Evidence of Insurability (EOI) so long as the elected amount does not exceed the Guarantee Issue of \$500,000.

Any benefit amounts subject to an EOI are not effective until approved in writing by Symetra. The EOI must be turned in within 60 days of when elected.

Evidence of Insurability is required for all amounts of insurance selected after the initial 31 day eligibility period and for any amount in excess of the Guarantee Issue amount.

As a team, they have over 120+ years of extensive knowledge managing retirement plans and helping individuals save for retirement.

We hired HRS to be an advisor to assist you with your accounts and retirement planning goals. The team at HRS is here to make sure you have a good understanding of the tools and resources available to you as an employee.

- Other financial topics of importance to you

To clarify your savings partners, Heffernan Retirement Services is our plan advisor, but we are still working with TIAA. TIAA is the company that holds your assets and is available to assist you with your accounts including website access.

This is an employee benefit and a great resource. You can reach out to them at any time for a personal retirement plan consultation and there is no cost to you for setting up a meeting with and HRS team member.

Disability Insurance Plan

Short-Term Disability

All California employees, except student employees, are required to participate in a disability plan. Pacific employees are automatically enrolled in California State Disability Insurance (SDI). SDI is a partial wage-replacement plan that contains provisions for Short-Term Disability (STD) and Paid Family Leave (PFL) and funded through employee payroll deduction. If you do not live in California please contact the Benefits Team to find out if your state offers a Short-Term Disability plan.

How It Works

SDI will pay 60% of earnings up to the maximum weekly benefit. A 7-day waiting period applies.

PFL provides income (up to eight weeks within any 12-month period) to employees who take time off work to care for their seriously ill child, spouse, parent, or to bond with a new child. PFL benefits will be paid up to the maximum weekly benefit.

Employees who are on short-term disability or receiving Workers' Compensation benefits are not eligible to receive the PFL benefit.

For more information regarding leave of absence, visit our [Benefits Webpage](#) (PacificNet ID and Password are required).

Disability Insurance Plan

Long-Term Disability (LTD)

The impact of a disabling illness or injury, both financially and emotionally, is devastating. While health insurance may cover most medical bills, daily living expenses such as rent or mortgage, car payments, and utilities continue. Disability insurance provides partial income replacement if you are unable to work due to a qualifying non-occupational illness or injury. You generally begin with short-term disability for a period of 13 or 26 weeks; if the illness or injury extends beyond that period it becomes long-term disability. Our Long-Term Disability is now with our new vendor, Symetra.

How It Works

You and Pacific share in the cost of the mandatory LTD plan. Pacific's LTD plan provides a monthly benefit after you have been totally disabled for 180 days. Benefits continue while you are totally disabled or until you reach the maximum benefit period based on your age at the time of disability. The monthly benefit amount, when combined with income from all other sources (including Social Security, California State Disability or Sick Leave) will equal 60% of your base pay up to a maximum monthly benefit of \$6,000. You must provide proof of continued disability on a regular basis to continue to receive benefits. All disability payments you receive are non-taxable income.

Definition of Disability

You are disabled when the insurance carrier determines that you are limited from performing the material and substantial duties of your regular occupation due to your sickness or injury, and you have a 20% or more loss in your indexed monthly earnings due to the same sickness or injury. After 24 months of payments, you are disabled when the insurance carrier determines that due to the same sickness or injury, you are unable to perform the duties of any gainful occupation for which you are reasonably fitted by education, training or experience.

Tuition Remission

The purpose of this program is to enable an employee, spouse/domestic partner, or eligible children of an employee of Pacific to attend University of the Pacific with reduced tuition. Tuition remission does not apply to course fees or other applicable fees such as the health fee, student association fee, or other similar fees. Newly established academic programs are not eligible for tuition remission. Eligibility shall be determined solely by the University. A tuition remission application is required for each semester.

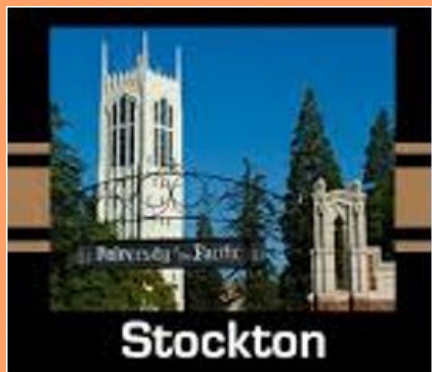

Overall Program Components

- Eligibility for tuition remission is effective the beginning of the semester following one year of employment subject to other requirements stated within the policy.
- To apply please fill out a Tuition Remission Application and send it to employee_benefits@pacific.edu (PacificNet ID and password required). If it is approved, the Tuition Remission will be applied on the first day of classes of the semester you applied for. Any questions regarding payments please contact Student Accounts.
- In the event the faculty member or staff employee is employed part-time, tuition remission benefits are granted according to provisions outlined within the policy, in direct proportion to the amount of time employed during the fiscal year.
- If an employee terminates employment, any tuition remission approved for the employee and his or her spouse/domestic partner and/or eligible children prior to the employee's termination will be granted for the duration of the current semester, provided the employee has worked at least five (5) weeks into the current semester at the time of termination. If not, the amount owed for tuition is prorated from the date of termination until the end of the semester.
- Tuition remission does apply to degree programs at University of the Pacific's Stockton Campus and McGeorge School of Law but does not apply to Pacific's Arthur A Dugoni School of Dentistry, Lifelong Learning Courses or workshops.

Tuition Remission

- After the one-year waiting period, full-time or part-time staff may take classes during normal duty hours if a modified work schedule is arranged and approved by the appropriate vice-president. However, the work schedule must be developed so that the best interests of the University are served. Compensation is based on hours worked.
- In the event of death or disability of an eligible employee with ten years of service, the tuition remission program shall remain operative for the eligible children and spouse/domestic partner.
- If a tenured faculty member or staff employee retires after age fifty-five with at least twenty years of University service; the tuition remission program shall remain operative for spouse/domestic partner and eligible children.
- Eligible children attending a Pacific sponsored undergraduate overseas program or school exchange will be eligible for tuition remission at the University's tuition rate in the same proportion.
- When students receive other sources of payment for tuition (scholarships, grants, assistantships, etc.) the total combined with tuition remission will not exceed 90%.

Please see the full [Tuition Remission Policy](#) for details of tuition reduction. (PacificNet ID and password required)

Public Service Loan Forgiveness

While it's true we all want to retire successfully someday, we know that retiring your student debt may be a more immediate concern.

TIAA Student Debt Solution Tool with Savi

You may know TIAA as one of the investment providers for the 403(b) GRA and GSRA Plans. However, TIAA has joined forces with Savi, a company created to help you navigate the complexities of federal income-based repayment plans and loan forgiveness programs designed for employees like you who work in public service.¹

You may be able to lower your monthly student loan payments and work toward loan forgiveness. On average, Savi customers find over \$1,880 a year in savings.²

What can Savi do for you?

As an employee of the University of Pacific, you have access to Savi's two tiers of service that are simple, smart and helpful:

- **Free Student Loan Checkup:** Quickly see your unique repayment plan options and potential savings upon entering your personal information into Savi's tool.
- **Savi Essential Service:** Track payments toward forgiveness and get convenient efilings, one-on-one assistance, reminders and more for a small fee.³

Take the first step today.

Go to TIAA.org/pacific/student to see how you might reduce your monthly student loan payments and may qualify for forgiveness of your student loan.

You can also contact Savi by email at partners+tiaa@bysavi.com, or call 1-833-604-1226 weekdays between 4:30 a.m. – 4:00 p.m. (PT).

¹ Federal programs are available to reduce the burden of student loan debt for people who work for eligible public interest employers: at a 501(c)(3) not-for-profit school, university, or hospital, in government or approved governmental entities, or at a few other public interest organizations.

² Between January 1, 2019 and December 31, 2019, based on Savi's internal measurements, Savi users saw average projected savings of \$1,880 per year.

³ A portion of the fee may be shared with TIAA to offset costs to support the program. In addition, TIAA has a minority ownership interest in Savi. Savi and TIAA are independent entities. TIAA makes no representations regarding the accuracy or completeness of any information provided by Savi. TIAA does not provide income tax or legal advice. Additional Benefits

Symetra Accident Group Policy

Accident insurance can pay lump-sum benefits based on the injury you suffered and the treatment you need, including emergency-room care and related surgery. The benefit can help offset the out-of-pocket expenses that medical insurance does not pay, including deductibles and copays.

Covered injuries and accident related expenses include:

- Hospitalization and Surgeries
- Follow-up Care
- Common Injuries

Benefits are paid for accidents that occur off the job.

You can enroll in the Accident Group Policy through your Benefit Focus Portal during Open Enrollment or at time of Hire. Please note: if you were enrolled in the Accident Plan in 2020 you will need to reenroll for 2021.

Additional Benefits

Long-Term Care

Long-term care services provide assistance with the basic personal tasks of everyday life when it becomes necessary. Long Term Care Insurance pays for services such as help to take medication, monitor health, bathe, deliver meals, maintain/clean your home, drive you to medical appointments, provide breaks for other caregivers, along with many other services. Medicare and health insurance pay very little towards long term care costs. So without insurance dollars, it becomes important to understand what assets will be used to pay for one's care. Policies vary in terms of what they will cover and insurance companies do require approval for applicants to qualify for coverage. As you would expect, a good Long Term Care Insurance policy delivers broad and flexible benefits to help provide and pay for the Long Term Care services you need when help is required.
