Annual California Campus Safety Plan Report

We want to take this opportunity to thank the campus community for helping keep Pacific a safe campus. Please take the opportunity to read this year’s annual California Campus Safety Plan report. The intent of the report is to offer you important information about campus security and how you can stay safe while at any of the University of the Pacific campuses. The Department of Public Safety designed this report to comply with the California State Education Code, Chapter 16, of the Donahue Higher Education Act, Section 67380. AB 1433 amended sections of the California Education Code found at Sections 67380 et seq. – the student safety provisions. All California higher educational institutions are mandated to collect reports of incidents and arrests for Part I crimes of willful homicide, rape, robbery, and aggravated assault as well as crimes occurring on campus that involve violence, hate violence, theft, destruction of property, illegal drugs, and alcohol intoxication committed on campus the previous calendar year. This report does not meet the requirements of the Annual Security Report (ASR) required under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act) but is a separate report to fulfill the requirements of the California law.

Keeping the university safe is a collective responsibility. Although the majority of the students, staff, faculty, and visitors who visit any of the three University of the Pacific campuses never experience being the victim of a crime. We have learned over time that the best protection is to be aware and “If You See Something, Say Something”. We hope the information that is provided in this report will assist you in staying safe.

Sacramento Campus

1 Department of Public Safety Authority and Jurisdiction Policy Statement

The University of the Pacific, Sacramento Campus operates under a “Memorandum of Understanding” (“MOU”) with the City of Sacramento which defines the authority and jurisdiction of all public safety officers of the University of the Pacific, Sacramento Campus Department of Public Safety. Public safety officers are not sworn, however through the authority of California Penal Code section 830.7(b) and through MOU with the Sacramento Police Department, all public safety officers have full police powers of arrest pursuant to Penal Code 836 within the campus jurisdiction. The primary responsibility of the University of the Pacific, Sacramento Campus Department of Public Safety is the protection of the Sacramento campus community. The current MOU identifies the jurisdiction and campus perimeter of the University of the Pacific’s Sacramento campus as: Sacramento Campus property, including land, structures, streets, roadways, and parking lots. The Sacramento campus is bordered on the East side by McClatchy Park and 33rd Street from Fifth Avenue to Montgomery Way. The South border is Montgomery Way from 33rd Street to 32nd Street. The West border is the freeway wall from Montgomery Way to Fifth Avenue. The Northern boundary spans three blocks from the freeway East to 35th Street. The boundary includes the alley Just North of Fifth Avenue from 32nd Street to 33rd Street and the alley North of Marshall Way from 33rd Street to 34th Street. The Sacramento campus also includes the university building and adjoining parking lot on Fifth Avenue between 34th Street and 35th Street.
