

If you currently live off campus and would like to sign-up for on-campus housing, please email Residential Life & Housing at [iamhome@pacific.edu](mailto:iamhome@pacific.edu) or turn in this form to receive a priority information prior by **February 1, 2021**.

The Housing Selection process will be online. You will receive information for roommate Pull-in and Open Space Housing Selection. You do not qualify for Same Space as you are currently not on-campus. It is your responsibility to provide your requested roommate with your pull-in information. You will be able to go online during your designated time for Open Space Housing Selection.

Students have priority to sign-up for their **SAME** space/apartment, unless the residence hall or apartment community has been designated as not available for 2021-2022. Priority of the **OPEN** spaces is determined by all of the following criteria:

1. Active Enrollment (Registrations for Spring 2021)
2. Active (Spring 2021) or prior Housing Assignment
3. Number of completed units (including units in progress for the Spring 2021)
4. Current Learning Community residency

Residential Life & Housing will send your priority letter and other housing information to your Pacific email address.

**STUDENT INFORMATION (Please Print or Type):**
