*** Note:**

If you wish to begin studying a new foreign language, you do not need to complete the placement exam. However, if you wish to continue studying a foreign language in which you have had some instruction or experience, you must complete the appropriate foreign language placement exam in order to be registered for a foreign language course.

The online foreign language placement exam is only used for placement purposes, and will not satisfy degree requirements. If you wish to test out of a foreign language, proctored paper/pencil tests are being offered at the beginning of the semester in WPC 151 by pre-registration.

The following students are required to complete a foreign language requirement:

- B. A. degree students in College of the Pacific (equivalent of two semesters required)
- Students wishing to qualify for Phi Beta Kappa Honor Society (equivalent of four semesters required)
- Students wishing to study abroad (includes all School of International Studies majors)
