

4-Year & 6-Year Pacific First-Time, First-Year (FTFY) Graduation/Outcome Rates

2017 Cohort

-	4yr Rate	6yr Rate
FTFY graduation rate (all first-years, including PharmD/DDS)	45%	66%
FTFY graduation rate (full-time bachelor degree seeking students only, excludes PharmD/DDS)	48%	64%
FTFY outcome rate (all first-years, advancing PharmD/DDS students included in rate)	48%	67%

- Notes:
1. All of the above rates are required by IPEDS in either the Graduation Rate Survey or the Outcomes Survey.
 2. The new IPEDS outcome rates are not published anywhere (4yr rate = 48% and 6yr rate = 67%).
 3. The graduation rates for bachelor degree seeking students (including PharmD/DDS) are the most frequently published rates (These rates are required by publications such as U.S. News) (4yr rate = 45% and 6yr rate = 66%).
 4. Outcome rate includes first-time, first-year students from a full year cohort (July 1, 2017 to June 30, 2018) whereas graduation rates only include students from Fall 2017. Students who advanced from pre-professional program to Pacific's PharmD or DDS program without receiving a bachelor's degree are included in the outcome rate.
